

## STEPHEN J WILDRICK

**OBJECTIVE** I'm interested in expanding my knowledge of large scale web application development within production, deployment and maintenance.

**EMPLOYMENT** **Trilogy Education - August 2020 to Present**

UX/UI Instructor - Contract

Instruct UX/UI students from all over the world in an on-line classroom. This course focuses on helping students with ideation of UX to the design of the UI and then using front-end technologies to build out their portfolios.

**PrizeLogic - Ocotober 2008 to April 2020**

Senior Interactive Developer - July 2017 - April 2020

Excellent communication with project managers and clients on troubleshooting website issues. Produced promotional websites from concept through deployment, with a responsive, mobile-first approach. Worked with UX and UI designers for technical feasibility. Updated responsive web standards and maintained various promotional templates. Performed peer code reviews and mentored junior developers.

Interactive Developer - July 2014 - July 2017

Worked closely with other team members on the development team from kickoff to site launch. Acquired a strong code base with HTML5, CSS/SCSS, and JavaScript while working with a back-end developer in a .NET framework.

Flash Developer - October 2008 - July 2014

Produced various Adobe Flash/After Effects based promotions that won Web Awards and is featured on FWA.com. Proven track record of building quality promotions under tight deadlines for a wide range of clients including Disney, McDonald's, Subway, Hershey, Ubisoft, and Pepsi.

**eMarketing**

Web Designer - May 2005 - October 2008

Designed web layouts for Kraft Foods, GROHE, ACCO Brands, Novartis, and Anchor Bay Entertainment properties.

**Cisco Systems Inc. - January 2004 to January 2005**

Technology Staffing Solutions - Contract

Multimedia Developer. Duties include developing and editing e-learning content used online and on CD-ROM. Produce creative animation sequences used for demos and advertising. Learned to record, edit and coach voice talents in digital audio formats used in e-learning material.

**EDUCATION** Bachelor of Arts In Visual Communications Collins College - 2002

**TECH STACK**

Adobe Creative Suite	Responsive Frameworks
UX/UI Fundamentals	JavaScript/TypeScript
HTML5	jQuery/Greensock/VideoJS
CSS/SCSS	Angular/React/Vue

**PERSONAL** Dedicated to quality work, personal integrity, and the ability to bring my knowledge and experience into a dynamic work environment.
